## Annual Renewal

Page 1/2

### History:

The CJ Buckley Regatta and Sailing Scholarship Fund was established in 2003 to celebrate the life of CJ Buckley, a passionate GBSA team racer, who lost his courageous battle with brain cancer in 2002. The scholarship is granted to students who show proficiency and dedication to the sport. The scholarship is merit and need based. The award is intended to be renewed annually to support each recipient throughout his/her enrollment as a full-time participant in a junior sailing program that is a member of the Narragansett Bay Yachting Association (NBYA).

As part of the annual renewal, each recipient is asked to update their demographic data and provide the scholarship committee a brief statement about their experience during the time of the award and why they are dedicated to the sport of sailing. The coach/supporter is also asked to write a short recommendation explaining why the award should be extended.

The award will be terminated if the recipient fails to show effort or does not abide by the NBYA Code of Conduct.
